

Partner with SAGE to develop your **Venture Capital** case

Series Editor: Jon Carrick, PhD, Stetson University

SAGE Publishing continues to grow its teaching case collection, **SAGE Business Cases**, across the business and management curriculum while also focusing in on key areas. The **Venture Capital** collection within SAGE Business Cases will explore the valuation, selection, and growth of start-ups from the perspective of investors as well as those who seek new venture funding.

SAGE is pleased to offer case authors:

- Double-blind peer review of your case and teaching notes
- A thorough editorial process, working to develop your ideas and prepare cases for successful publication
- Copyright in your name and final PDF for ease of use in your classroom
- Payment when your case is published
- An international audience for your work

Have you written a case that you currently use in your classroom? Do you have an idea or a rough draft of a case? Bring it to SAGE and we'll work with you to develop your idea and bring it to the world at large.
