What is CQ Researcher?

*CQ Researcher* offers weekly, single-topic, 12,000-word digital reports researched and written by experienced journalists. These reports provide students and faculty with the perfect first step in research and discovery on timely social, political, and policy topics. At a time when news is often reduced to sensationalized headlines and sound bites, *CQ Researcher* offers trusted, in-depth and balanced explorations of the day’s most pressing issues.

An online subscription to *CQ Researcher* lets you search the past 10 years’ worth of issues, plus receive 44 new reports each year, along with short “Hot Topics” reports.

Key Features and Benefits

- Delivers **in-depth, balanced** explorations of the most pressing issues in the news
- Engages readers with **original reporting** by experienced journalists
- Features a structured and **easy-to-use** format
- Professionally **fact-checked**
- **Poses and addresses three issue questions** and includes a “Pro-Con” debate

- Poverty and Homelessness
- Urban Planning
- Abortion
- Death Penalty
- Elections
- Ethics in War
- Mental Health
- Professional Sports
- Racism and Hate
- Right to Die
- United Nations
- Vaccines
- Women’s Rights

How Tor Works

Tor software creates a circuit of multiple computers that connects the user anonymously to any Internet destination. The software encrypts the user’s location data at each computer link so the pathway cannot be traced. The final computer sends the user’s message to its destination bearing the final computer’s location data, not the user’s.

Trusted and Accessible

Librarians and researchers alike turn to CQ Researcher for trusted, accessible content and analysis on newsworthy social and political issues. No other resource on current events and issues matches the authority of CQ Researcher.

For more than 90 years, CQ Researcher and its predecessor Editorial Research Reports have set the standard for objectivity, depth, and breadth of coverage in current events, public policy, law and civil liberties, international affairs, economics, health, education, the environment, and technology.

Compliance

CQ Researcher is compliant with the following standards:

- **COUNTER Usage Statistics**: Generate COUNTER compliant usage reports through an administrative interface to analyze user session volume, number of pages and documents viewed, length of viewing time, and number of documents e-mailed
- **Z39.50**: Meta-data and full text are discoverable through OPAC and other third-party search engines via Z39.50.
- **508/Americans with Disabilities Act**

When it comes to credibility and quality...it is difficult to compete with CQ Researcher.
