New in 2019!

The SAGE Video Social Work Collection

The new **SAGE Video Social Work Collection** features original and licensed video showcasing social work skills, practices, populations, challenges, and research. It aims to showcase the skills necessary to become a social worker, give insights into different client groups, and elevate understanding of how theory and policy relate to practice. The collection includes global content and features tutorials, video case studies, interviews with practitioners, documentaries, and videos that show social work in action.

Data Science, Big Data Analytics, and Digital Methods

The latest collection of streaming video on the SAGE Research Methods platform covers data science methods, issues and challenges surrounding big data research, and examples and applications of social data science.

Plus, our existing collections are expanding!

More than 10 hours in the **SAGE Video Business & Management Collection** and the **SAGE Video Media, Communication & Cultural Studies Collection**, including

- New world-renowned academic contributors and SAGE authors
- More content in areas of high demand showcasing the latest research or practitioner best-practices in each discipline area.

Our video program has been developed in partnership with trusted advisors from libraries across the world, and each collection is overseen by an international editorial board.

What does SAGE Video do?

Supports students of all levels through a range of video types that can be used within class, as class preparation, for further reading, or in online learning settings.

- Seminal documentaries on subjects aligned to core curricula topics
- Case studies on classic and newly published research
- Tutorials illustrating practical applications of methods and concepts
- Interviews with leading experts on key topics
- Practitioner demonstrations of theories and techniques
- Observational footage of practitioners in real-life professional settings
- Short definitions of key terms and concepts.

The well-designed interface provides various flexible, customized browsing or searching options. Search results are clearly presented; one can easily view results as entire works or as segments or chapters/entries within a work, or narrow the result set to very specific types of content... Summing Up: Recommended. Community college through graduate students; professionals/practitioners.

What do academics think?

[SAGE videos] are engaging, informative, and a great introduction to class. While watching, I ask students to identify the most important idea, the most surprising idea, and the most useful idea. The videos are a great conversation starter!

—*Patricia O’Grady, Ph.D.*
The University of Tampa, Florida

An impressive list of resources.

—*Emmy van Deurzen, New School of
Psychotherapy and Counselling, London*

Easy to use...very impressed with the video collection. There are lots of options for teachers, clinicians, [and] researchers to use.

—*Ed Donnerstein, University of Arizona*
