Tools for enhanced research

Create a profile

Creating a profile is the first step to personalizing the **SAGE Knowledge** experience by allowing users to save content and searches.

Personalized lists

Gather content on a specific topic and group favorites into collections with **My Lists**. This tool can be used to build reading lists for research, or create course reading lists that link directly to the content. Lists can be shared easily over email.

Saved searches

My Searches allow users to save their favorite searches so they can easily find them in future.

Advanced search

For users looking for something specific, it's easy to drill down to relevant content with advanced search criteria. Search by document types, publication details and more.

Downloadable chapters

Download chapters and entries in PDF format to print, mark up and share.

Export your citations

The **Citations** feature hosts all citations in one place. Exporting is easy, and available in all major formats, including APA, Chicago, Harvard, and MLA.

SAGE Recommends

Discover even more relevant content from across all of our platforms with **SAGE Recommends**. Based on the search term, view a host of suggested related content.

What our customers are saying

The addition of SAGE and CQ Press products strengthens our collection of eResources in the Social Sciences; the products will be of use to faculty and students across disciplines. We're pleased to offer these new resources to the University of Toronto academic community.

– **Larry Alford, Chief Librarian,
University of Toronto Libraries**

Librarians at University of Queensland know SAGE to be a high quality, scholarly publisher with particular strengths in the Social and Behavioural Sciences. The library's collection already comprises many SAGE titles to support the teaching and research needs of staff and students.... SAGE Knowledge... provides our users with convenient access to quality information via an easy to use interface.
