

## Increasing discoverability

Make sure that your users can easily locate the material they need by following these steps.

### Adding SAGE Journals to your catalogue and library websites

Have you...

- Listed SAGE Journals in you're A-Z and/or subject directory?
- Used the recommended product description?
  - ➔ *With 60% of SAGE's journals ranked in the 2016 Journal Citation Reports® (Clarivate Analytics, 2017), **SAGE Journals** is host to high-impact, peer-reviewed, and interdisciplinary articles – the heart of your research. Now on a new, user-friendly platform, journals and articles can be searched, viewed, and shared with ease from any device. Article-level metrics – including social media sharing – from Altmetrics and journal-level Impact Factor rankings help students, faculty, and researchers understand the reach and importance of the articles they are citing. The **SAGE Journals** portfolio includes more than 1,000 journals spanning the humanities, social sciences, and science, technology, engineering, and medicine. Whether your library needs the full, interdisciplinary collection dating back to volume 1, issue 1, or a specific, focused collection targeted to your researchers' interests, SAGE can help you build the perfect fit.*
- Catalogued SAGE Journals as e-journals by individual title – not as a database?
- Appointed a “super user” to train others to use the tools?
  - ➔ Training resources: <http://us.sagepub.com/en-us/nam/training-and-usage>
  - ➔ Significant increase in usage and discoverability for those libraries that tried it!
- Added widgets to your catalogue and websites?
  - ➔ Perfect for courseware and learning management systems like Blackboard
  - ➔ Select and download the right one for your site:
