

✓ PLAN

- Review [Top Tips for Getting Started with SAGE Video](#)
- Develop a lesson plan
 - Connect to research question/use case
 - Align with learning outcomes
- Design training activity
- Curate content related to an activity, example research inquiry, or course via a custom list

✓ DELIVER

- Illustrate access to resource through library website
- Log in to personal profile and highlight benefits
 - Save searches
 - Build and share custom lists
 - Create and store custom video clips
 - Access locked assessment questions
- Demonstrate search options
 - Quick and advanced search
 - Browse by all or by discipline
- Review results page options and features
 - Edit search and filter options (discipline, date range, etc.)
 - Save search (must be logged into personal profile)
 - Add to list (must be logged into personal profile)
- Discuss video page elements
 - Searchable transcript
 - Video player functionality (Closed Captions, playback speed adjustment, video quick keys, etc.)
 - Summary, Chapters, and Video Info tabs
- Reference platform tools
 - Download transcript PDF, Cite, Share, Embed, and Get Link options
 - Save to list (must be logged into personal profile)
 - Custom video clip creation (must be logged into personal profile)
- Tie together via training activity
 - For patrons, researchers, and students**
 - Review activity
 - Show example list
 - Incorporate hands-on activity
 - Encourage 1 or 2 learners to share results
 - Wrap up with facilitated Q&A
 - For faculty, practitioners, and instructors**
 - Discuss teaching applications of streaming video
 - Demonstrate embed options
 - Navigate to Faculty Resources and sample assignments
 - Incorporate hands-on activity
 - Encourage 1 or 2 learners to share results
 - Wrap up with facilitated Q&A
- Follow up
 - Share session lists and links to support resources (e.g. FAQs, user guides, LibGuides, etc.)
 - Provide link to session recording if presented virtually
 - Solicit session feedback ([example evaluation form](#))
