Chapter 2: Ethical Issues in Technology-Based Health Promotion

Chapter Overview
What Are Unique and Beneficial Ethical Considerations for Technology-Based Health Promotion?
  Beneficence
  Transparency
  Equity
  Confidentiality
  Working With Special Populations
What Are Ethical Challenges We Face With Technology-Based Health Promotion?
  Beneficence
  Transparency
  Equity
  Confidentiality
  Working With Special Populations
What Are the Current and Best Ethical Practices in Technology-Based Health Promotion?
  Working With IRBs
  Using Technology to Improve the Informed Consent Process
  Security and Issues of Program Data Protection
What Are Emerging and Evolving Ethical Trends in Technology-Based Health Promotion?
  GIS and Tracking of Individuals
  Data Sharing Across Agencies
Summary
Concluding Questions
Chapter Exercise
Additional Resources
References

PART II: UNIQUE ASPECTS OF TECHNOLOGY-BASED PROGRAM DEVELOPMENT, IMPLEMENTATION, AND EVALUATION

Chapter 3: Technology-Based Health Program Development
Chapter Overview
What Are Unique and Beneficial Considerations for Each Type of Technological Modality?
Chapter 4: Technology-Based Program Implementation

Chapter Overview
What Are Unique and Beneficial Considerations for Technology-Based Program Implementation?
  Recruitment of Large Numbers of Program Participants
  Delivery of Standardized Content
  Ease of Adoption for Implementation in Diverse Settings
What Are Challenges We Face With Technology-Based Program Implementation?
  Sampling and Generalizability of Samples Recruited in Virtual Settings
  Management of Large Numbers of Participants Enrolling Simultaneously
  Retention of Program Participants
Chapter 5: Program Evaluation for Technology-Based Health Promotion

Chapter Overview 118
What Are Unique and Beneficial Considerations for Technology-Based Program Evaluation? 119
  Design of Your Evaluation 119
  Automated Data Collection, Transfer, and Storage 120
  Data Management, Security, and Participant Confidentiality 122
  Advances in Statistical Analyses 124
  Dissemination of Findings Using Technology 126
What Are Challenges We Face With Technology-Based Program Evaluation? 129
  Conducting Evaluation and Technological Obsolescence 129
  Retention of Program Participants 129
What Are the Current and Best Practices in Technology-Based Program Evaluation? 130
  Utilizing Online Surveys 130
  Utilizing ACASI 130
  Managing Rapidly Accruing Participants 140
  Maximizing Participant Retention 144
What Are Emerging Trends in Technology-Based Program Evaluation? 148
  Use of Geographic Information Systems (GIS) 148
  Analysis of Programs on Social Networking Sites Online 151
Summary 152
Concluding Questions 156
Chapter Exercise 156
Additional Resources 157
References 159
Chapter 6: Case Studies in Computer-Based Health Promotion

Chapter Overview
Case Studies of LUCHAR and Project LIGHT
    Case Study: The LUCHAR Program
    Case Study: A Computerized Version of Project LIGHT
Unique and Beneficial Aspects of LUCHAR and Project LIGHT
    Considerations for Program Location
    Data Storage and Transfer
What Are Emerging Trends in Computer-Based Health Promotion?
    Newer Kiosks, Portable Notepads
Summary
Concluding Questions
Chapter Exercise
Additional Resources
References

Chapter 7: Case Studies in Internet-Based Health Promotion

Chapter Overview
Case Studies of WRAPP and D-Net
    Case Study: The Wyoming Rural AIDS Prevention Project (WRAPP)
    Case Study: Diabetes-Network Internet-Based Physical Activity Intervention (D-Net)
Unique and Beneficial Aspects of the WRAPP and D-Net Programs
    Access in Rural Settings
    Access to Elderly and Naïve Users
Challenges in WRAPP and D-Net and Other Internet-Based Health Promotion Programs
    Considering If the Internet Is the Best Technological Modality for Your Population
    Participant Retention and Dropout
    Sustainability Without Incentives
Best Practices Employed in Internet-Based Programs
    Participant Retention
What Are Emerging Trends in Internet-Based Health Promotion?
    Efforts to Meet People Where They Are Online
Summary
Concluding Questions
Chapter Exercise
Additional Resources
References

Chapter 8: Case Studies in Mobile Phone-Based Health Promotion

Chapter Overview
Case Studies of STOMP and EpiSurveyor
