Detailed Contents

Preface x
Acknowledgments xii

1. The Scientific Method and the Research Process in Criminology and Criminal Justice 1
   Public Knowledge of Crime and Criminals 1
   Why Criminologists Conduct Research Using the Scientific Method 3
   The Scientific Method 4
   The Research Process 6
   Theory 6
   Hypotheses 7
   Research Design 7
   Observations (Data Collection) 8
   Empirical Generalizations 10
   Positivism and the Research Process 11
   The Probabilistic Nature of Science 12
   How to Read Published Research 13

2. Criminological Theory and the Scientific Method 16
   Deduction Versus Induction 17
   Correlation Versus Causation 17
   Null Versus Research Hypotheses 18
   Type I and Type II Errors 19
   Probability Theory and Statistical Significance 19

Research Readings 20
   Reconsidering the Effect of Self-Control and Delinquent Peers:
   Implications of Measurement for Theoretical Significance 20
       Ryan C. Meldrum, Jacob T. N. Young, and Frank M. Weerman
   An Evaluation of the Assumptions That Underlie
   Institutional Anomie Theory 32
       Mitchell B. Chamlin and John K. Cochran
   An Assessment of Scales Measuring Constructs in Tests of
   Criminological Theory Based on National Youth Survey Data 47
       Todd A. Armstrong, Daniel R. Lee, and Gaylene S. Armstrong
3. **Ethics in the Research Process**

Informed Consent 60  
Respect for Subjects of Research 61  
Confidentiality 61  

**Research Readings** 63  
- Combining Ethical Considerations With Recruitment and Follow-Up Strategies for Partner Violence Victimization Research TK Logan, R. Walker, L. Shannon, and J. Cole 77

4. **Conceptualization and Measurement** 89  
Conceptual Versus Operational Definitions 90  
Validity, Reliability, and Precise Measurement 90  
- Validity 91  
- Reliability 91  
- Precise Measurement 91  

**Research Readings** 92  
- Conceptualization of Terrorism J. P. Gibbs 93  
- Measuring Victimization Inside Prisons: Questioning the Questions N. Wolff, J. Shi, and R. Bachman 100  
- Theoretical and Methodological Issues in Racial Profiling Research C. Batton and C. Kadlec 111

5. **Sampling Procedures** 127  
Representative and Nonrepresentative Samples 127  
Probability Sampling Designs 128  
Nonprobability Sampling Designs 128  
Generalizability and Statistical Inference 129  

**Research Readings** 130  
- Public Support for Getting Tough on Corporate Crime: Racial and Political Divides J. D. Unnever, M. L. Benson, and F. T. Cullen 130  
- Gendered Opportunity? School-Based Adolescent Victimization P. Wilcox, M. Skubak Tillyer, and B. S. Fisher 142  
- Public Awareness and Action Resulting From Sex Offender Community Notification Laws A. L. Anderson and L. L. Sample 153  

6. **Experimental and Quasi-Experimental Research Designs** 182  
Solving the Causality Problem 182  
True Experimental Designs Versus Quasi-Experimental Designs 183  

**Research Readings** 184
Randomized Experiments in Criminal Justice Policy:
Prospects and Problems
D. Weisburd

A Quasi-Experimental Evaluation of Thinking for a Change:
A “Real-World” Application
C. T. Lowenkamp, D. Hubbard, M. D. Makarios,
and E. J. Latessa

Applying Evidence-Based Practices to Community Corrections
Supervision: An Evaluation of Residential Substance
Abuse Treatment for High-Risk Probationers
D. M. Pérez

7. Survey Research and Interviews
Self-Report Survey Research
Veracity of Self-Report Surveys
Interviews

Research Readings
Gang Intervention in Jails: A National Analysis
Insiders’ Views of Prison Amenities: Beliefs and
Perceptions of Correctional Staff Members
R. Tewksbury and E. E. Mustaine
Understanding the Black Box of Gang Organization:
Implications for Involvement in Violent Crime,
Drug Sales, and Violent Victimization
S. H. Decker, C. M. Katz, and V. J. Webb
Intimacy With Outlaws: The Role of Relational Distance
in Recruiting, Paying, and Interviewing Underworld
Research Participants
S. Jacques and R. Wright

8. Qualitative Research: Participant Observation, Focus Groups,
and Case Studies
Variations on Participant Observation
Focus Groups
Case Studies
Qualitative Data Analysis

Research Readings
Covert Participant Observation: Reconsidering
the Least Used Method
M. Miller
Fear of Gang Crime: A Qualitative Examination of
the Four Perspectives
J. Lane
The Philosophical Versus Actual Adoption of Community Policing:
A Case Study
A. T. Chappell
9. **Unobtrusive Methods: Secondary Analysis, Content Analysis, Crime Mapping, and Meta-Analysis**

Secondary Analysis 313
Crime Mapping 313
Content Analysis 314
Meta-Analysis 315

**Research Readings** 315

- Violent Girls or Relabeled Status Offenders? An Alternative Interpretation of the Data 315
  - B. C. Feld

- Slain and Slandered: A Content Analysis of the Portrayal of Femicide in Crime News 327
  - R. Taylor

  - S. Roh and M. Robinson

- Does an Offender’s Age Have an Effect on Sentence Length? A Meta-Analytic Review 358
  - J. Wu and C. Spohn

10. **Mixed Methods Research** 374

The Quantitative/Qualitative Quarrel 374
Triangulation 375

**Research Readings** 375

- Problem-Oriented Policing and Open-Air Drug Markets: Examining the Rockford Pulling Levers Deterrence Strategy 375
  - N. Corsaro, R. K. Brunson, and E. F. McGarrell

- The Impact of Occupational Culture on Drinking Behavior of Young Adults in the U.S. Navy 390

11. **Evaluation Research and Policy Analysis** 409

The Purposes of Evaluation Research 409
Evidence-Based Evaluations 410
Types of Evaluation Research 410
Ethical Issues in Evaluation Research 411

**Research Readings** 411

- Combating Methamphetamine Use in the Community: The Efficacy of the Drug Court Model 411
  - S. J. Listwan, D. K. Shaffer, and J. J. Hartman

- Problem-Oriented Policing, Deterrence, and Youth Violence: An Evaluation of Boston’s Operation Ceasefire 425
  - A. A. Braga, D. M. Kennedy, E. J. Waring, and A. Morrison Piehl

**References** 442

**About the Author** 445
