

# Index

NOTE: When a page range next to an author's name appears in bold (eg. Bishop, P. **363–83**), then this indicates the chapter in this Handbook that the author has written.

NOTE: All lakes, mountains and rivers are filed under their names – eg. Bonneville (Lake).

- abrupt climate change 272–4
- accelerator mass spectrometry (AMS) 92, 94
- acidification 23–4, 77, 125, 135, 140, 145, 151, 529
  - acid rain debate 315–16
    - see also* pH levels
- acid-rain 69
- adaptive cycle 151–3
- Adhémar, J. A. 406
- aeolian sands 19, 293–6
- Africa 13, 23, 39–40, 85, 97, 175, 191, 212, 214, 244, 295–6, 306, 367, 369, 380, 432, 453, 461, 463, 486, 490, 518, 522, 532
  - see also individual countries*
- Agassiz, L. 6, 406
- age equivalence methods 18, 93, 108–11
  - event chronostratigraphy 93, 111
  - oxygen isotope stratigraphy 93, 109–11
  - palaeomagnetism 93, 108–9
  - tephrochronology 93, 111
- agriculture 4, 22, 321
- Agung 462
- Ahn, J. 82
- AIDS 519–20
- air blasts 390–1
- Aitken, M. J. 92
- Akkadian Empire 142
- Alaska 145, 193, 215, 225, 227–9, 275, 289, 301, 372, 378, 454, 483, 488
- Alley, R. B. 218, 427
- alluvial architecture models 250
- Alps 1, 140, 215, 226, 244, 247, 324, 365, 376
- Alvarez, W. 384–5
- Alverson, K. 17, **53–66**, 58
- Amazonia 22, 144–5, 314, 525–6, 532
- American Geophysical Union (AGU) 2
- amino-acid geochronology 92–3, 99, 105–6, 263
- aminostratigraphy 106
- amphibians 170
- Amsterdam Declaration 135
- Amundsen Sea 217, 219, 233
- An, Z. 374
- Anandakrishnan, S. 218
- Anasazi 142, 146
- Anchukaitis, K. J. 332
- ancient DNA (aDNA) 19, 255, 259, 265–6, 270, 276–7, 316
- Anderson, P. W. 42–3
- Anderson, R. S. 241, 375–6, 505
- Andes 212, 226, 328, 365, 369–70, 480
- angiosperm 173
- annually resolved proxies 320–44
- Antarctic 9, 19, 24, 56, 60, 68, 73, 80–1, 103, 165, 171–7, 185–6, 189, 211–13, 216–25, 233, 306, 366–8, 370, 380, 426, 432, 450, 458, 488, 504–6
- Antarctic Bottom Water (AABW) 186
- Antarctic Circumpolar Current 368, 370
- Anthropocene 4, 23, 137, 329
- aquifers 262
- Aral Sea 244
- arcellacreatans *see* testate amoebae
- archaeology 19, 37, 306–19
  - archaeobotany and archeozoology 315–16
  - definition of environmental archaeology 306–7
  - geoarchaeology of past landscapes 314–15
  - and human–environment interactions 307–8
  - methodological considerations 308–10
  - palaeoecological reconstruction in 310–14
    - see also* human–environmental interactions
- Arctic 176–7, 220, 222, 230–3
- Arctic Ocean 57–8, 125, 185, 372, 438, 487
- Argentina 196
- argon isotope dating 92, 97
- Armand, L. K. 185
- Artemieva, N. 394
- artificial neural net (ANN) 267
- Ashton, A. 196

- Asia 13, 23, 85, 175, 187, 296, 324, 345, 350, 352, 371–4, 377, 380, 429, 432, 461, 478, 518, 522, 530–2  
*see also individual countries*
