### Section 4. Summative Assessment

**Chapter 14. Research on Classroom Summative Assessment**

- Setting the Context: The Research on Summative Classroom Assessments
- Teachers' Classroom Assessment Practices, Skills, and Perceptions of Competence
- A Gap Between Perception and Competence
- Two Reviews of Summative Assessment by the Evidence for Policy and Practice Information and Co-Ordinating Centre
- Impacts of Summative Assessments and Tests on Students' Motivation for Learning
- Impact of Summative Assessments on Students, Teachers, and the Curriculum
- Review of Recent Research on Classroom Summative Assessment Practices
- Theme One: Students' Perceptions of the Classroom Assessment Environment Impact Student Motivation to Learn
- Theme Two: Teachers' Summative Assessment Practices and Skills Impact Teacher Effectiveness and Student Achievement
- Theme Three: Many Factors Impact the Accuracy of Teachers' Judgments of Student Achievement
- Discussion and Recommended Research

---

**Chapter 15. Grading**

- Basic Terms and Concepts
- Research on Conventional Grading Practices
- An Inauspicious Beginning
- Previous Reviews of Literature
- Review of Current Literature on Conventional Grading Practices
- Research on Grading in Special Education
- Personalized Grading Plans
- Inclusive Grading Model
- Research on Contemporary Standards-Based Grading Practices
- Evaluation of Professional Development in Standards-Based Grading
- The Quality of Information Communicated Via Standards-Based Grades
- Conclusion
- Conclusion and Recommendations for Future Research

---

**Section 5. Methods of Classroom Assessment**

**Chapter 16. Constructed-Response Approaches for Classroom Assessment**

- Definitions of Constructed-Response and Selected-Response Item Formats

---

**Textbook Definitions of Constructed-Response and Selected-Response Item Formats**

Chapter 21. Student Self-Assessment

Defining Self-Assessment 368
Self-Assessment Techniques 369
Methods of Self-Assessment 369
Accuracy in Self-Assessment 371
Literature Review Method 371
Selection of Studies 371
Research Questions 371
Analysis 371
Empirical Evaluation of Self-Assessment in Education 371
Relationship of Self-Assessment to Academic Achievement 381
Effect of Self-Assessment on Self-Regulation Processes 383
Student Perceptions of Self-Assessment 383
Accuracy in Self-Assessment 384
Conclusion 386
Implications for Current Pedagogical Practices 387
Implications for Future Research 387
