JMCQ is the flagship journal of Association for Education in Journalism and Mass Communication and the mass communication journal with the longest history established since 1924. It is a quarterly peer-reviewed journal that focuses on original research in journalism and mass communication. It serves all the divisions and interest groups of AEJMC and publishes articles and book reviews on topics including and not limited to theoretical and methodological advancement in journalism and mass communication, international communication, media technologies and society, advertising, public relations, journalism history, media law and policy, media management and economics, political communication and health communication.

JMCQ, the SSCI mass communication journal with the longest history, welcomes high quality original research submissions from all over the world. Here are some of our recent articles from authors outside the U.S.:

**Asia and Middle East**

(Bangladesh and Canada)
