The Journal of Feline Medicine and Surgery Open Reports (JFMS Open Reports) is an international, peer-reviewed, online, open access journal. Like its sister title, the Journal of Feline Medicine and Surgery, it is an official journal of both the International Society of Feline Medicine (ISFM) and the American Association of Feline Practitioners (AAFP). The journal is aimed at practitioners as well as researchers with an interest in the clinical healthcare of domestic cats. JFMS Open Reports publishes high quality case reports, short case series and short communications reporting regional prevalence data or other data related to well-recognised diseases of domestic cats.

For GBP £5,000 // US $ 8,000 per annum become an industry partner with JFMS OR and support feline practitioners in their publication of high quality case reports.
