Advertising Rates And Specifications - 2018

Editor: Edward M. Wojtys, MD

Sports Health unites experts in the care of athletes and physically active people, young and old. Its broad subject domain includes:
• Sports-related injuries, both orthopaedic and non-orthopaedic
• Medical conditions arising from or affecting participation in sports or exercise
• Training, conditioning, and injury prevention in the healthy athlete
• Rehabilitation of the injured athlete
• The effects of sports and exercise on the normal or abnormal musculoskeletal system

Sports Health is distributed through subscription arrangements among the following collaborating organizations:
• American Orthopaedic Society for Sports Medicine (AOSSM)
• American Medical Society for Sports Medicine (AMSSM)
• National Athletic Trainers’ Association (NATA)
• Sports Physical Therapy Section (SPTS)

- eTOC alerts: leaderboard ad sponsorship of new issue email alerts sent to registrants
- Content gateways: custom package to host your content and SAGE content in one place
- Sponsored digital editions: options include single article, full issue, or custom article compilations

Policy and Guidelines

Trim size: 8.125 x 10.875
Binding: Perfect Bind
All advertising is subject to approval. Ad dimensions are listed in inches. All live copy should be no closer than ¼” from the trim.

REQUIREMENTS FOR ELECTRONIC DELIVERY

General Instructions
A High-Resolution Press-Ready PDF is required for all electronic ad submissions. All fonts must be embedded. Minimum required image resolution is 300 dpi for color or grayscale images and 900-1200 dpi for line art (1-bit images). All color files must be created and submitted to publisher in CMYK color mode. Publisher will convert ads submitted in RGB but is not responsible for color reproduction on these ads. 2-color ads (standard) must be provided as black plus 100% cyan, magenta, or yellow.

Image Size/Crop
Digital art files should be cropped to remove non-printing borders. Art should be created or scaled to the size intended for print. Image orientation should be the same as intended for print. For ads that are intended to run off the page, a 1/8” minimum bleed is required on all sides.

Proof Instructions

Color Ads An identifiable SWOP-certified proof (Specifications Web Offset Publications—www.swop.org) must be supplied with the final digital file. If a SWOP-certified proof is not supplied, then the publisher cannot guarantee correct reproduction of color. Any omissions or color deviation from a submitted proof, other than a SWOP-compliant proof, will not warrant compensation to the advertiser.

B&W Ads A hard-copy proof the same size as the digital art must be supplied with the final digital file.

File Submission Instructions
Please supply files on one of the following media: CD-ROM or e-mail. If e-mailing artwork, then send the proof in a separate package in the mail.

SPH INSERTS
Tipped-in Inserts:
All bind-in cards and inserts are jogged to the head. All bind-in cards and inserts must have 1/8” trim beyond the crop mark area of the Head, Foot, Gutter, and Face of the advertisement. Perforations must be 3/8” from gutter. All live copy should be no closer than ¼” from the trim.

For inserts, 70# coated stock is the minimum weight and 110# coated stock is the maximum.

DIGITAL ADVERTISING DISCLAIMER:
Advertising materials must be submitted in a file format acceptable to SAGE. All advertising materials will be subject to SAGE’s approval prior to printing. Any digital advertising orders for which acceptable production-ready advertising materials are not received by SAGE within eight (8) days after the flight date, will be subject to cancellation, and in such event, the Advertiser will be responsible for the full payment amount of the order.
