A high resolution press-ready PDF is required for all electronic ad submissions. All fonts must be embedded. Minimum required image resolution is **300 dpi** for color or grayscale images and **900-1200 dpi** for line art (1-bit) images. All color files must be created and submitted to publisher in **CMYK** color mode. Publisher will convert ads submitted in RGB but is not responsible for color reproduction on these ads. 2-color ads (standard) must be provided as black plus 100% cyan, magenta, or yellow.

#### Image size/crop

Digital art files should be cropped to remove non-printing borders. Art should be created or scaled to the size intended for print. Image orientation should be the same as intended for print. For ads that are intended to run off the page, a 1/8" minimum bleed is required on all sides.

#### Proof instructions

**Color ads** An identifiable **SWOP-certified proof** (Specifications Web Offset Publications—[www.swop.org](http://www.swop.org)) must be supplied with the final digital file. If a SWOP-certified proof is not supplied, then the publisher cannot guarantee correct reproduction of color. Any omissions or color deviation from a submitted proof, other than a SWOP-compliant proof, will not warrant compensation to the advertiser.

**B&W ads** A hard-copy proof the same size as the digital art must be supplied with the final digital file.

### File Submission Instructions

Please supply files on one of the following media: CD-ROM or e-mail. If e-mailing artwork, then send the proof in a separate package in the mail.

### Digital advertising disclaimer:

Advertising materials must be submitted in a file format acceptable to SAGE. All advertising materials will be subject to SAGE's approval prior to printing. Any digital advertising orders for which acceptable production-ready advertising materials are not received by SAGE within eight (8) days after the flight date, the order will be subject to cancellation, and in such event Advertiser will be responsible for the full payment amount of the order.

All advertising is subject to the publisher's approval. The advertiser and/or advertising agency assume liability for all contents of advertising and any claims against the publisher as the result of the advertisement. In their place, use the terms "sonographer," or "diagnostic medical sonographer" for a registered sonographer. When referring to practice in a specific sonography specialty, please use the following terms: abdominal sonography, breast sonography, cardiac sonography (adult, pediatric, and/or fetal), musculoskeletal sonography, neurological sonography, obstetric gynecologic sonography, and vascular sonography.
