Adverting Rates and Specifications – 2019

Society Affiliation: Council for Exceptional Children (CEC)

Readership profile: TEACHING Exceptional Children (TEC) is read by teachers, including those focused on special and general education. It is also read by principals, including school- and district-level administrators, faculty at institutions of higher education, and other professionals who are members of the Council for Exceptional Children.

Editor: Kristin Sayeski, University of Georgia

TEACHING Exceptional Children (TEC) features practical, peer-reviewed articles and in-depth content that present methods and materials for classroom use, as well as current issues in special education teaching and learning.

About the Council for Exceptional Children

CEC is a professional association of educators dedicated to advancing the success of children with exceptionalities. We accomplish our mission through advocacy, standards, and professional development. CEC members help serve 7.1 million children and youth with disabilities and 3 million children with gifts and talents. CEC members represent the myriad of professionals in the field of special education.

### Requirements for electronic delivery

#### General Instructions
A high resolution press-ready PDF is required for all electronic ad submissions. All fonts must be embedded. Minimum required image resolution is **300 dpi** for color or grayscale images and **900–1200 dpi** for line art (1-bit) images. All color files must be created and submitted to publisher in **CMYK** color mode. Publisher will convert ads submitted in RGB but is not responsible for color reproduction on these ads. 2-color ads (standard) must be provided as black plus 100% cyan, magenta, or yellow.

#### Image Size/Crop
Digital art files should be cropped to remove non-printing borders. Art should be created or scaled to the size intended for print. Image orientation should be the same as intended for print. For ads that are intended to run off the page, a **1/8”** minimum bleed is required on all sides.

### Proof Instructions

#### Color Ads
An identifiable SWOP-certified proof (Specifications Web Offset Publications—www.swop.org) must be supplied with the final digital file. Publisher will convert ads submitted in RGB but is not responsible for color reproduction on these ads. 2-color ads (standard) must be provided as black plus 100% cyan, magenta, or yellow.

#### File Submission Instructions
Please supply files via CD-ROM or email. If emailing artwork, then send the proof in a separate package in the mail.

#### TEC inserts
All bind-in cards and inserts are jogged to the head. All bind-in cards and inserts must have **1/8”** trim beyond the crop mark area of the head, foot, gutter, and face of the advertisement. Perforations must be **3/8”** from gutter. All live copy should be no closer than **1/4”** from the trim.

For inserts, 70# coated stock is the minimum weight and 110# coated stock is the maximum.

### Advertising disclaimers
Advertising materials must be submitted in a file format acceptable to SAGE. All advertising materials will be subject to SAGE’s approval prior to printing. Any digital advertising orders for which acceptable production-ready advertising materials are not received by SAGE within eight (8) days after the flight date will be subject to cancellation, and in such event Advertiser will be responsible for the full payment amount of the order.

All advertising is subject to CEC approval. CEC reserves the right to decline advertisements for products and services that directly compete with CEC products and services or which do not align with the organization’s mission and beliefs.
